

Equipment

PTL supplies equipment to manufacture a complete range of heat-shrinkable products such as thin wall heat-shrinkable tubing, medium and thick-wall heat-shrinkable tubing, end-caps, wrap-around sleeves.

设备图解

荷兰 PTL 公司为您提供全套热缩产品生产设备，全面满足客户生产薄壁、中厚壁、厚壁热缩管、热缩端帽、热缩复绕护套的需要。

Complete extrusion lines for the manufacturing of heat-shrinkable tubing and sleeves.

设备名称：挤压生产线（全套）

生产产品：热缩管，热缩护套

Crosslink system for moisture crosslinkable products.

设备名称：交联系统

生产产品：湿交联产品

Conditioning system for moisture crosslinked products.

设备名称：调节系统

生产产品：湿交联产品

HW-expansion line

For the manufacturing of :

- Thin wall polyolefin heat-shrinkable tubing (shrink ratio 2 :1 and 3 :1)
- Dual wall polyolefin heat-shrinkable tubing (shrink ratio 2 :1 and 3 :1)

设备名称：HW 膨化生产线

生产产品：- 薄壁聚烯烃热缩管

(缩率 2:1, 3:1)

- 双壁聚烯烃热缩管

(缩率 2:1, 3:1)

Multi-functional Infra-red expansion line

For the manufacturing of

- Thin wall polyolefin heat-shrinkable tubing
(shrink-ratio 2:1 and 3:1)
- Dual wall polyolefin tubing shrinkable
(shrink-ratio 2:1, 3:1 and 4:1)
- Elastomeric heat-shrinkable tubing
- Polyvinylidene fluoride (Kynar) heat-shrinkable
tubing
- Fluoro-elastomeric tubing (VITON) heat-
shrinkable tubing

设备名称：多功能红外膨化生产线

生产产品：- 薄壁聚烯烃热缩管

(缩率 2:1, 3:1)

- 双壁聚烯烃热缩管

(缩率 2:1, 3:1 , 4:1)

- 合成橡胶热缩管

- 聚偏氟热缩管

- 氟橡胶热缩管

Continuous expansion line for medium- and thick-wall heat-shrinkable tubing for expanded diameters upto 160 mm.

设备名称：连续膨化生产线

制造产品：中厚壁和厚壁热缩管，膨化直径可达 160MM。

Expansion unit for the expansion of heat-shrinkable end-caps.

设备名称：膨化机

制造产品：热缩端帽

Discrete expansion- and adhesive-coating line for the manufacturing of wrap-around sleeves.

设备名称：不连续膨化和涂胶生产线

制造产品：包覆护套

Adhesive coating line for medium and thick wall heat-shrinkable tubing.

设备名称：涂胶生产线

制造产品：中厚壁、厚壁热缩管

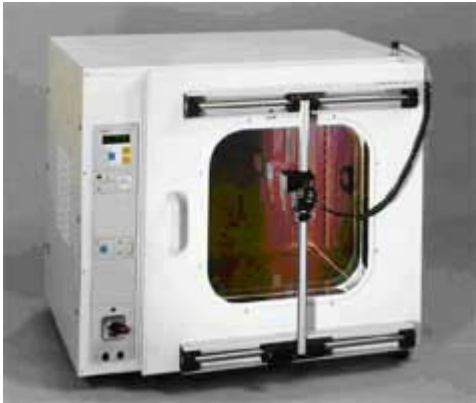

Adhesive coating line for heat-shrinkable end-caps.

设备名称：涂胶生产线

制造产品：热缩端帽

PTL

Test unit for the determination of thermal stretching and thermal shrinkage by the hot-set method

设备名称：检测机

功用：以固热方式确定热拉和热缩值

Let PTL be your technology partner in profitability
